FSEC

Suggested Future Items:
The following items are an incomplete list that the Campus Chair feels should be addressed during the next academic year, 2014-2015. It in no way is representative of the FSEC committee’s member’s opinions.

- Create an official FSEC duty list, which addresses the responsibilities of both chairs and the representatives, with a formal training period at one of the meetings.
- Amend the FSEC Charter in regards to the limited member input of meeting minutes.
- Amend the FSEC Charter in regards to the terminology around the Chair’s power to remove controversial items from the agenda.
- Amend the Faculty Constitution and FSEC Charter so that the faculty committee details are listed with their specific membership selection procedures in the Charter, instead of the more general Constitution.
- Work to establish an outline for faculty Peer Observations.
