Building 7 Renovation Update

• Renovation is still on schedule
• Significant Change Orders that Have Been Approved
  – UHCC Facilities Office has agreed to pay for an additional trenching for telecommunications purposes (projected June 2012) APPROVED
    • Importance: Allows for expansion for future facilities and construction on the Ewa side of Building 7 (e.g., ATTC and other Master Plan buildings)
• On-going Issues
  – Electricity issues have presented challenges for HCC IT staff and contractors
    • Renovation may not address problem
    • Building was not meant for that much consumption of power
    • Issue is being analyzed
Most Relevant Project Dates

• Elevator Shaft Groundbreaking 8/23/12
  – What does that mean to me?
    • A major milestone and progress in the renovation project
    • Front entrance to library will remain in rear of Bldg 7
    • Noise level will be as loud as the mechanical tower levels
    • Intermittent shutdown of power and entrance-egress points of the building

• Floors 1 and 2 - Library
  – Tentatively scheduled for January 2013
  – How will this impact me?
    • Library collection taken off line 10/1/12
    • All other services will remain in place through Fall 12 semester
    • Library staff will begin relocation to various locations throughout campus**
Most Relevant Project Dates

• Floors 3 and 4
  – Tentatively scheduled for May 2013

• Floors 5 and 6
  – Tentatively scheduled for December 13/January 14
Preparing Move for Floors 3-6

• When space is identified and a move is feasible we will begin relocations for offices and staff beginning August 2012
  – Ongoing move EMC, IT, Telecomm consolidation and relocation to Bldg 28. Staff and Students.

• Each tenant will have 10 boxes each that will be moved by the contractor (this is part of the contract). These 10 boxes will be placed in storage and will not be accessible during the storage period.
  – It is strongly advised that tenants begin moving their office items as soon as possible (first notice to campus given in February 2012)
  – Boxes are under order and are expected in by mid-September...bid process. Tenants will be alerted to their arrival.
Modulars

• 2 buildings = 32 Total Modulars = 16 Modulars/Bldg
  – 12,000 ft2 per Building = 24,000 ft2 Total available
• Impact: Will initially reduce parking by 80% and once complete by 35% to 45% of lot capacity
  – IF finished/paved you can fit approx 380-400 stalls into the lot
    • Impact of modular buildings = capacity 250-275
  – IF UM/UP you can fit approx 260-300 stalls into the lot
    • Impact of modular buildings = capacity 160-180
• Construction Start Date:
  – WAS: July 19 now August 28
  – REASON FOR DELAY: C&C Hon, LRDP, other infrastructure issues
How Will the Bldg 7 Project Impact You

• Noise
• Dust and debris
• Relocation issues for users
• Inconvenience

= General Discomfort
Other Issues

• Security:
  – New contract with a new firm...big money
  – Ali‘i Security will remain in place until new contract is awarded
  – New Contractor will be in place 10/1/12 (Projected)

• Facilities Work:
  – 27 and 6 re-finish and repaint
  – 4 boiler and bathroom
  – 5, 27, 14 network wiring
  – 50 flooring

• New Facility Rates
  – In effect 7/15/12

• Feline Issues:
  – Public Awareness campaign
  – How can you help?
Please Kokua

We ask for your patience and understanding during the Building 7 renovation project AND all other campus projects as we continue our work to upgrade and modernize the campus infrastructure.
